Well, at the moment I am sitting in my lab, my dummie lab dudet is going on my nerves and I'm very frustrated, cause I must work for her like a slave. Bah! Well one day I'll give her a kick in her but. Argh...

Anyway, BULLET PROOF #6 is out, yeah, 52 PAGES, MORE PHOTOS, MORE REPORTS, MORE DRUGS (?). During those 6 months, a lot of papermags blowed out (Milestone (most popular papermag in europe Mike ? He, he, he), Imagination, Coconut and the Arise) and also Incubus's photo album (really nice) ! Well, it took me over 100 hours or more to edit this fucking issue from the BULLET PROOF. By the way, the most time I spend for the BULLET PROOF was on my work. Bah, nothing to do, that's really great, erm. A special not to Mike. As I said, BULLET PROOF is the most popular papermag in Uganda. Believe me, he, he, he !

Okay, something serious now. BULLET PROOF #6 is now in DIN A5 format. Well, it's possible that the style is missing then, coz I make my first experiences with this format. But I think next issue it would be better. BTW, I hope that Fantasia/Nirvana can paint next time some GFX. He is for sure a really great painter, I hope I can prove it in the next issue.

Also I will blow out 2 different issues, one issue with a professional copy quality and one with the usual quality. The price for the special issue is 6 disx, for the normal issue 2 disx...

To the reports. The stuff which AJ/TRC send me, was to much to print in this issue. So I reduced the stuff a bit. I hope you can read it, cause I reduced most of them over 3 times...

Also I hope you like the comics (don't show em your girl friend). Well they are prevert I know, but they're also very funny. I like em, really. Eraserhead made it really cool. Next time more comix from him...

BTW, if you have any questions to the BULLET PROOF, reports, advertisements, reaction, photos or any other stuff, send it to ANS or to me. We really need every help we can get. Addie on the last page !

Well, I think I will finish now, have to edit some more pages and I feel I must kick her lame ass. Oh boye you can't imagine how dump she is. Arghhh... Okay, enough crap talked. Enjoy it...

Well stupid COPS but anyway,don't write to Carsten anymore till the problem with the COPS is solved. We wish you the best Carsten...The staff !

COSMOS DESIGN PARTY REPORT

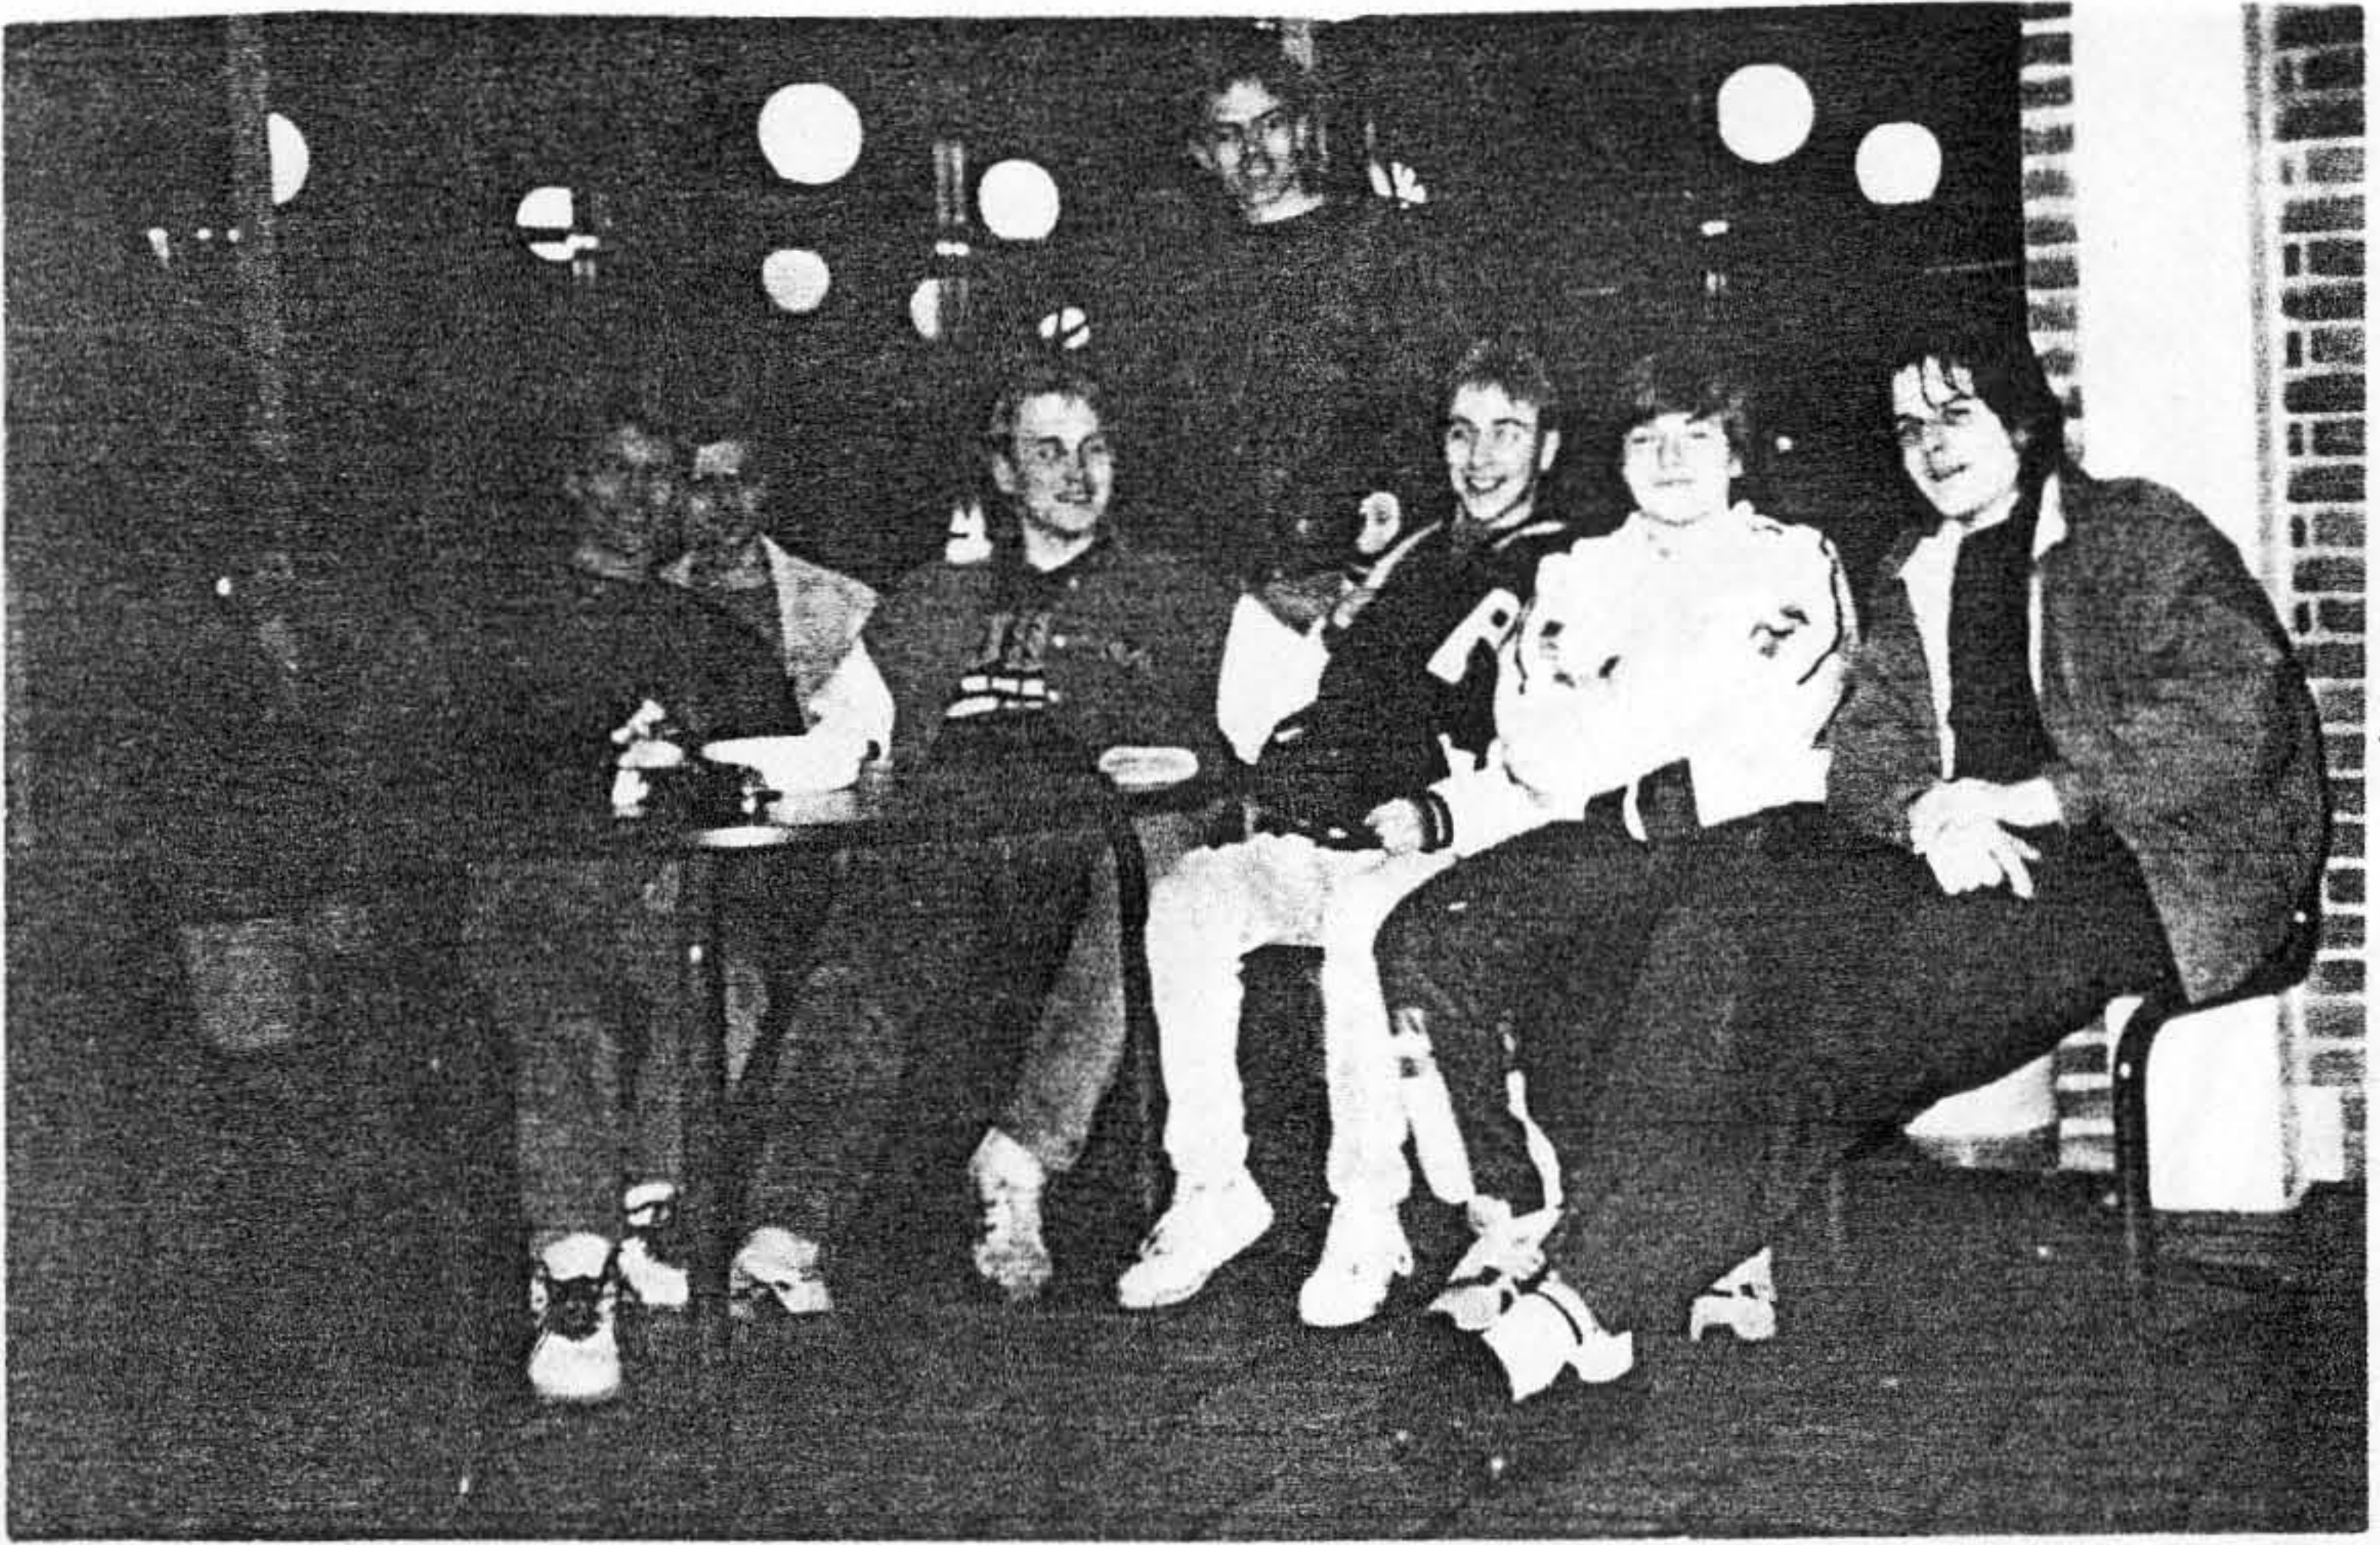

It was a wednesday evening when Aslive, TBB and Airwulf arrived at my home. At 1st., we ate something, smoked some cigarettes and one smoked some shit (no names, he, he, he). Well after this TBB want to leech some releases, coz he didn't recieved the wares in time. So we decided to call Forum to leech the latest first releases from Arcade. After this, TBB wrote his note and then we drove to Austria. Puuh... 12 hours driving. Anyway it was worth it.

Well we entered the hall and at first we cook some heavy coffee, coz Aslive wanted to break his 'Beeing awake' record. Meanwhile TBB grabbed his 64 out of the car and wanted to build it up. But well, the comp was destroyed during our vacation to Austria. So TBB tried to fix this problem and succeed after a few minutes. Now Aslive and I made our spreading discs ready and we walked a bit around to have a look at the dudes which were there. At first we met Excellence/Ex-711, The Reaper, Stephen/Ex-Triumwhyrat, Antitrack/Legend, Marc/Varsity and a few more. Meanwhile Excellence, Reaper and I had a little small talk, Ayatollah arrived at the party place. He joined our lil' conference and well we decided to smoke something out there and so we did. Stoned like stones we walked (?) back to the hall. Than we (TBB, Sneaper, Excellence and I) had an argumentation about the scene. Well we talked over 2 hours and we came to the decision, that RSI has no good intros and that the 64 scene changed a lot since Excellence left it. Anyway Excellence tried to code a RSI intro and well I think he's not finished till this day (1.11.). Than TBB and I, had a small talk with Cop from Faces, which arrived with a few friends in evening. Well after we watched thousand of disc covers, which he brought with him, we decided to watch some MTV clips, which were shown on the big screen. Early in the morning the most dudes went to bed. Anyway, the hard croks stayed awake (Aslive !) till the next day. During the morning, we watched some prevert hard core films (1 actor looks similar to Gnarc!). Aslive copied 350 (no joke!) disx. TBB drank 1 litre coffee. Airwulf cried all the time 'lamer', and Mister-x/The Voice talked with an Energy dude, about the porno film. Well, it was a funny night. At 6 am I felt very asleep, so I tried to find my way to the sleeping room and yeah, I found it after a few minutes (still stoned from the dope !). Well I tried to grab a sleeping bag but I couldn't find some so I slept a few hours on the bottom. Well after a few hours I woke up and I saw an empty sleeping bag. I jumped in and slept till 5 pm, erm. I went up, throw the bag in a bin (which was not very correct. The Reaper told me later, he, he, he!) and walked to Aslive. This mad man was still copying disx and writing messages to his contacts. Oh boye. He told me that we will drive in one hour. Well in this hour I met some other guyz like Doc/Atlantis, Eazy-E/Alive and a few other ones. We put TBB's computer in the car and drove away. Fuck, coz this party was really cool and of cause Aslive broke his 'Beeing awake' record...

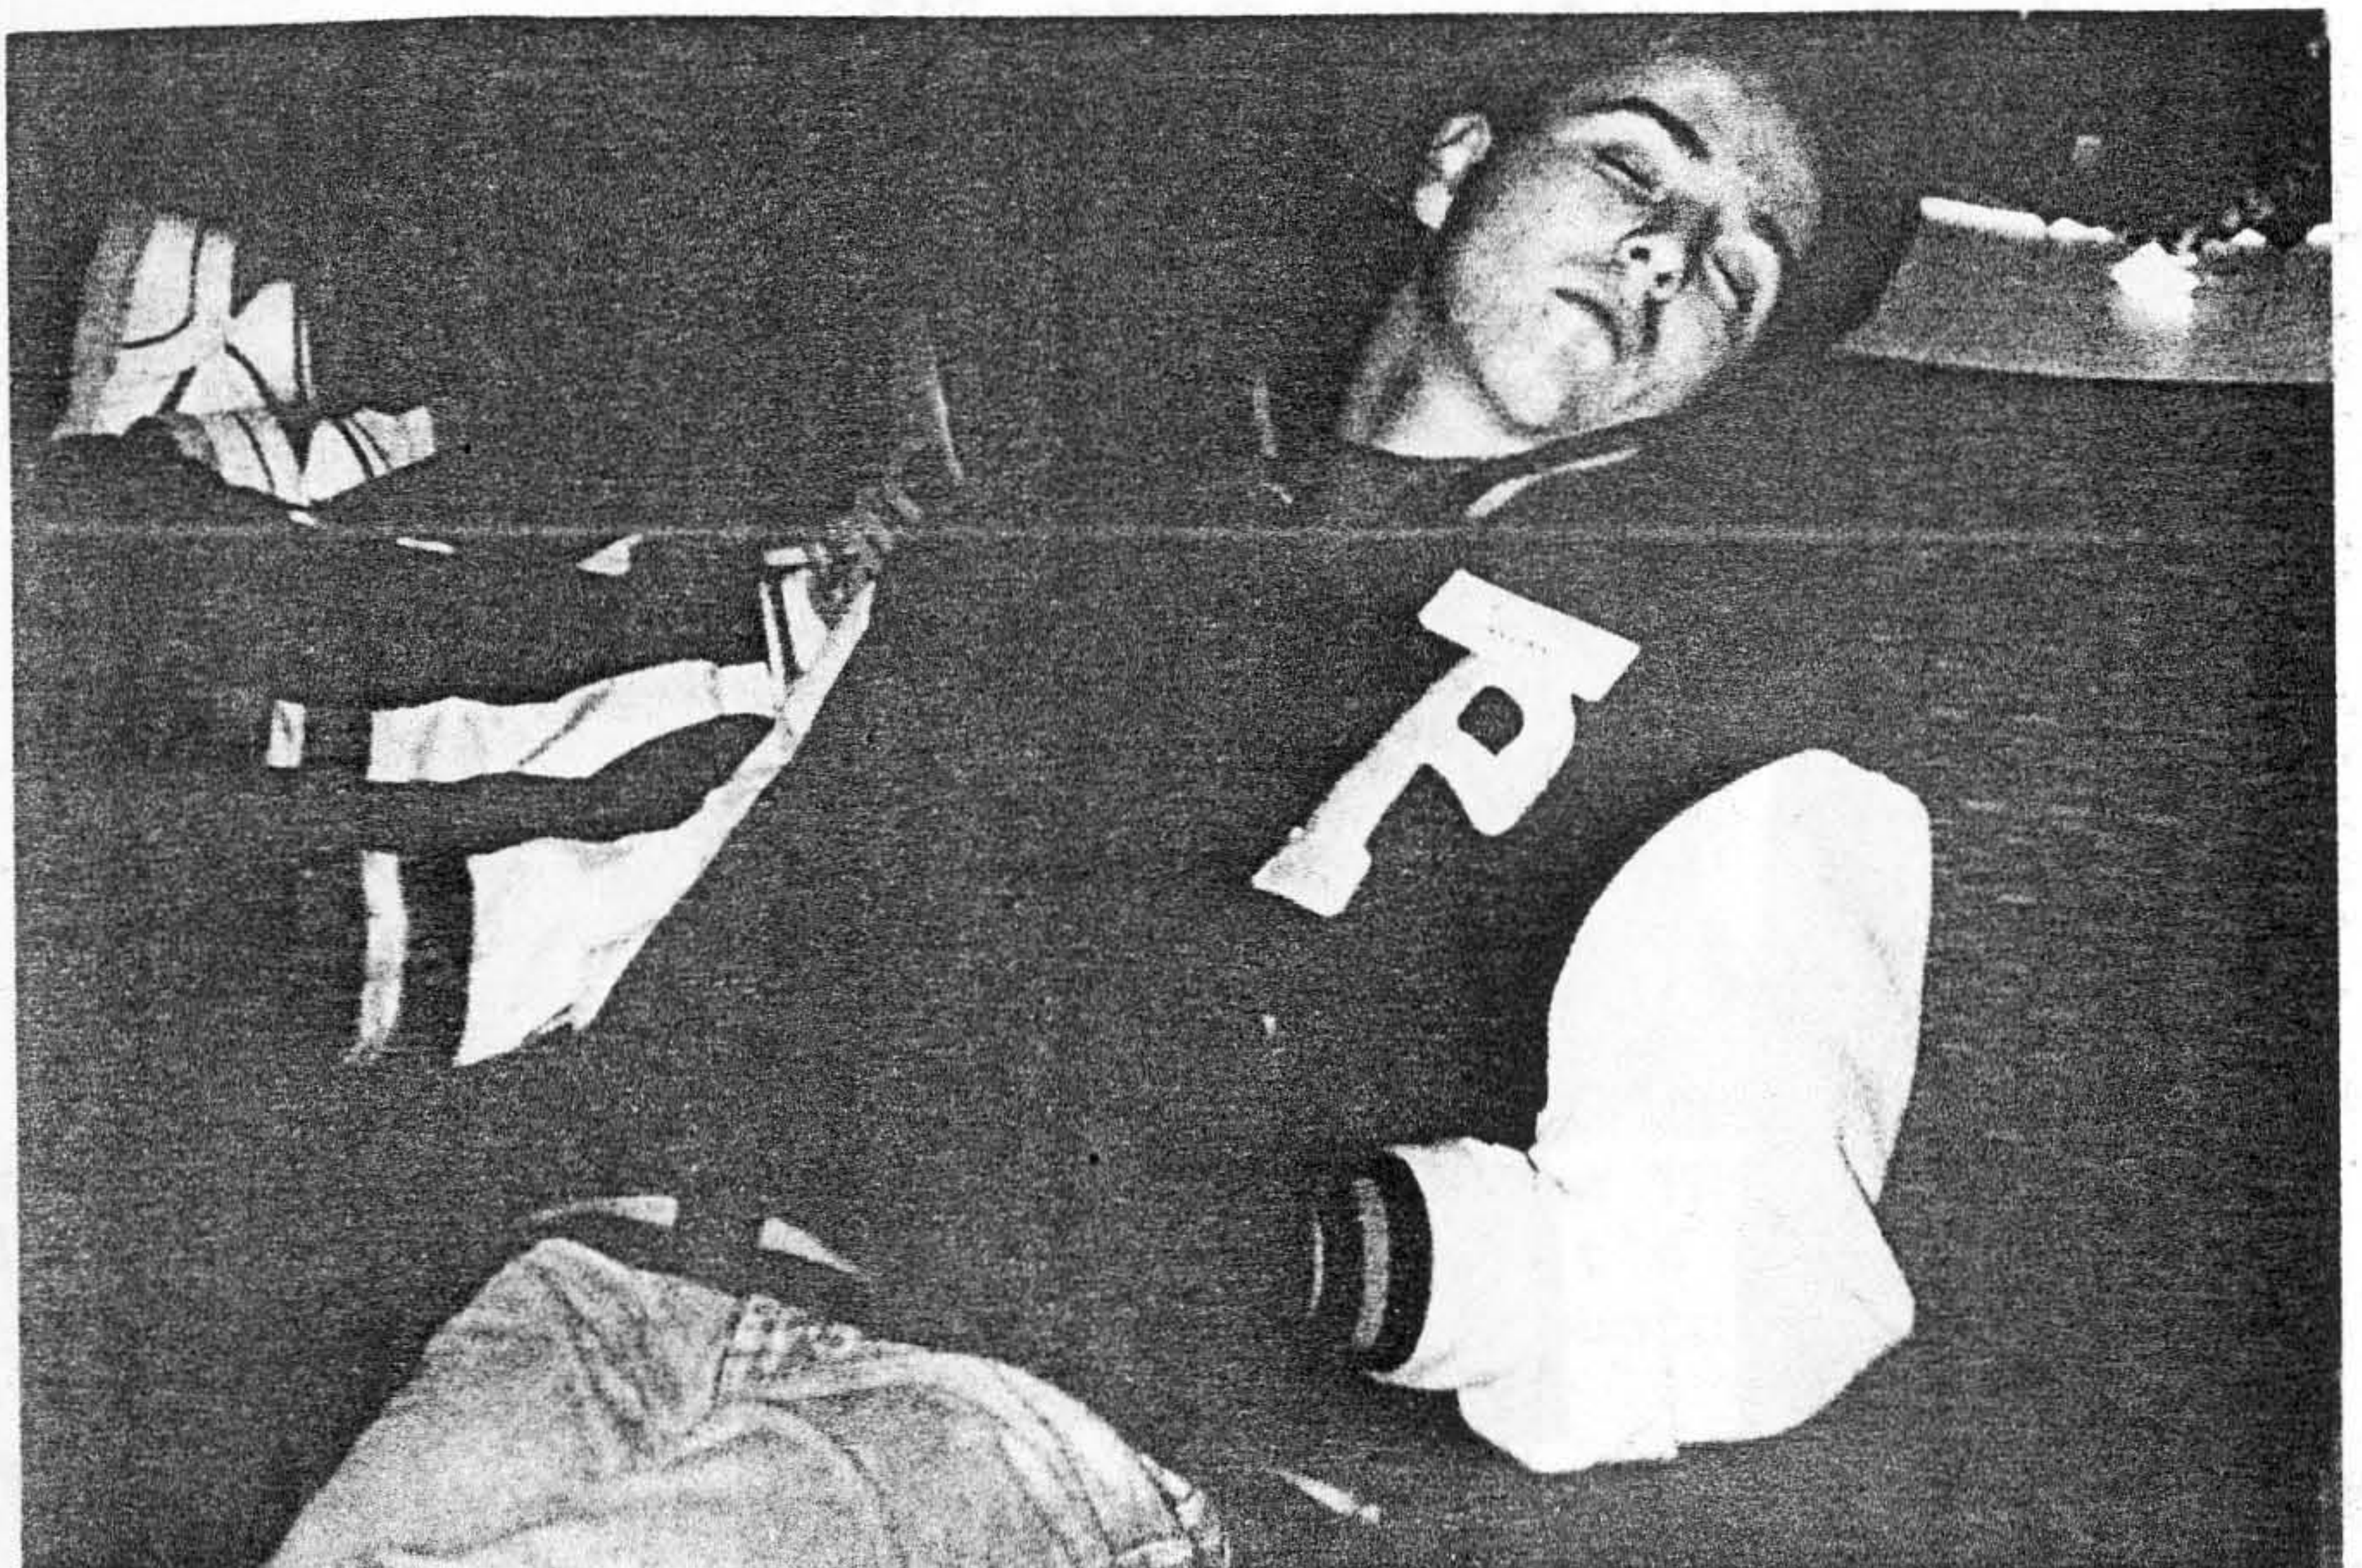

These dudes were at the party... Astaroth+Bulldog/Spirit, The Reaper, Sneaper/F4CG, Stephen/Ex-Triumwhyrat, Mr. Alpha/ASG, Keoma/WOW, Excellence/Ex-711, Aslive+Dense/Red Sector Inc., Airwulf, TBB/Arcade, Chipsi/The Warriors, The Panther+Josh+Hannes Sommer/Cosmos Design, The Syndrom + T. Terror/TIA + Sunrise, Trisch+Cop/Faces, Laysoft/Idiots, Alex+Painkiller/Chromance, HLM/Phalanx, Neotec/Rebels, Mr. Spock+Profi+Phantom+Dillo/T' Pau, Charlie+Andrea+Dannie+Marc/Varsity, Ayatollah/Fairlight, Alligtor/TAT, Antitrack/Legend, Freeze + Murphy/LOA, Doc/Atlantis, Case, Eazy-E/Alive, Undertaker/Sodom, Cryptodancer/Triumwhyrat, Black Priest/Cross, Case and a few dudes from Excess.

Anyway it was a rather nice party, but well I missed some dudes from Suisse, Germany and Hungary. Anyway, but it was nice. I would give this party 55 out of 100 points. Okay, I think that's all for now... DENSE/RSI+<S> |

REPORTS

ECTS-SHOW LONDON

Place : London, Great Britain
Date : 6th. till 8th. september 1992
Reporters : AJ and CBA from THE RULING COMPANY

Like last year, we (CBA+AJ) went again by plane to London. The easiest and best way for travelling. We heard that SUCCESS also should arrive in London at the show, but unfortunately they missed the boat! We booked a hotel for 5 days, coz we wanted to go shopping in the city of London. As we played the tourist for 2 days, it finally come, the 6th. september. We entered the new building, the 'Bizzniss Design Centre', very early. Looking out 4 some other like TALENT. We met F4CG already, Scorpie and some others from Belgium. A few hours later we finally met Bod+XXX from TALENT. With them were also Richie from ILLUSION + his girlie and also Justice/IKARI. Bod already got 'Slicks' in his hands, with a preview from Codemasters newest game 'Crystal Kingdom Dizzy'. Slicks was released three weeks after their little theft. There were quite a few good firms at the show, presenting their upcoming games, to be released very soon. Here's a short list with the presented firms and their releases...

CODEMASTERS:

Codemasters gave out the usual catalogue of upcoming games on the C64 like 'Crystal Kingdom Dizzy', 'Learn with Dizzy', 'Captain Dynamo' (now cracked by ILS +3), 'Robin Hood', 'Wild West Seymour', 'Sergeant Seymour Robot-Cop', 'Seymour Stuntman', 'Slicks' (now cracked by TALENT +1), 'Int. Speedway', 'Wrestling Super Stars', '1st. Dir Manager', 'Cue Boy' and 'Bignose, the Caveman!'. So you see Codemasters is still producing games for the C64, that's what we like!

DIGITAL INTEGRATION:

This firm is built from Coktel Vision, Action 16 and Loriciel. Mainly releases on Amiga like 'Tornado', 'Fascination', 'Inca', 'Ween' and 'The Entity'.

DISNEY SOFTWARE:

A small stand, I almost overlooked it, but these new games will be released very soon on the Amiga like 'The Rocketeer', 'Stunt Island', 'Dick Tracy Adventure', 'Mickey's Jigsaw Puzzles' and 'Mickey's Memory Challenge'.

MILLENIUM:

Millenium got some cool releases like 'Aquatic Games', 'James Pond Part 3', 'Rome AD 92' and 'Daughter of Serpents'.

MINDSCAPE:

A great corner at the end of the room, with lots of games to play there! Their new games are 'Battletoads', 'Sherlock Holmes', 'Wing Commander 2 Deluxe', 'Wing Commander 2' and 'Underworld'.

RSI Orië Service

Well as you know we in Red Sector can get very fast originals, so we want to sell our originals very cheap...

The prices for germans are...

Full Price Original = 4DM + 1DM stamp

Budget Original = 3DM + 1DM stamp

The prices for foreigners are...

Full Price Original = 4\$

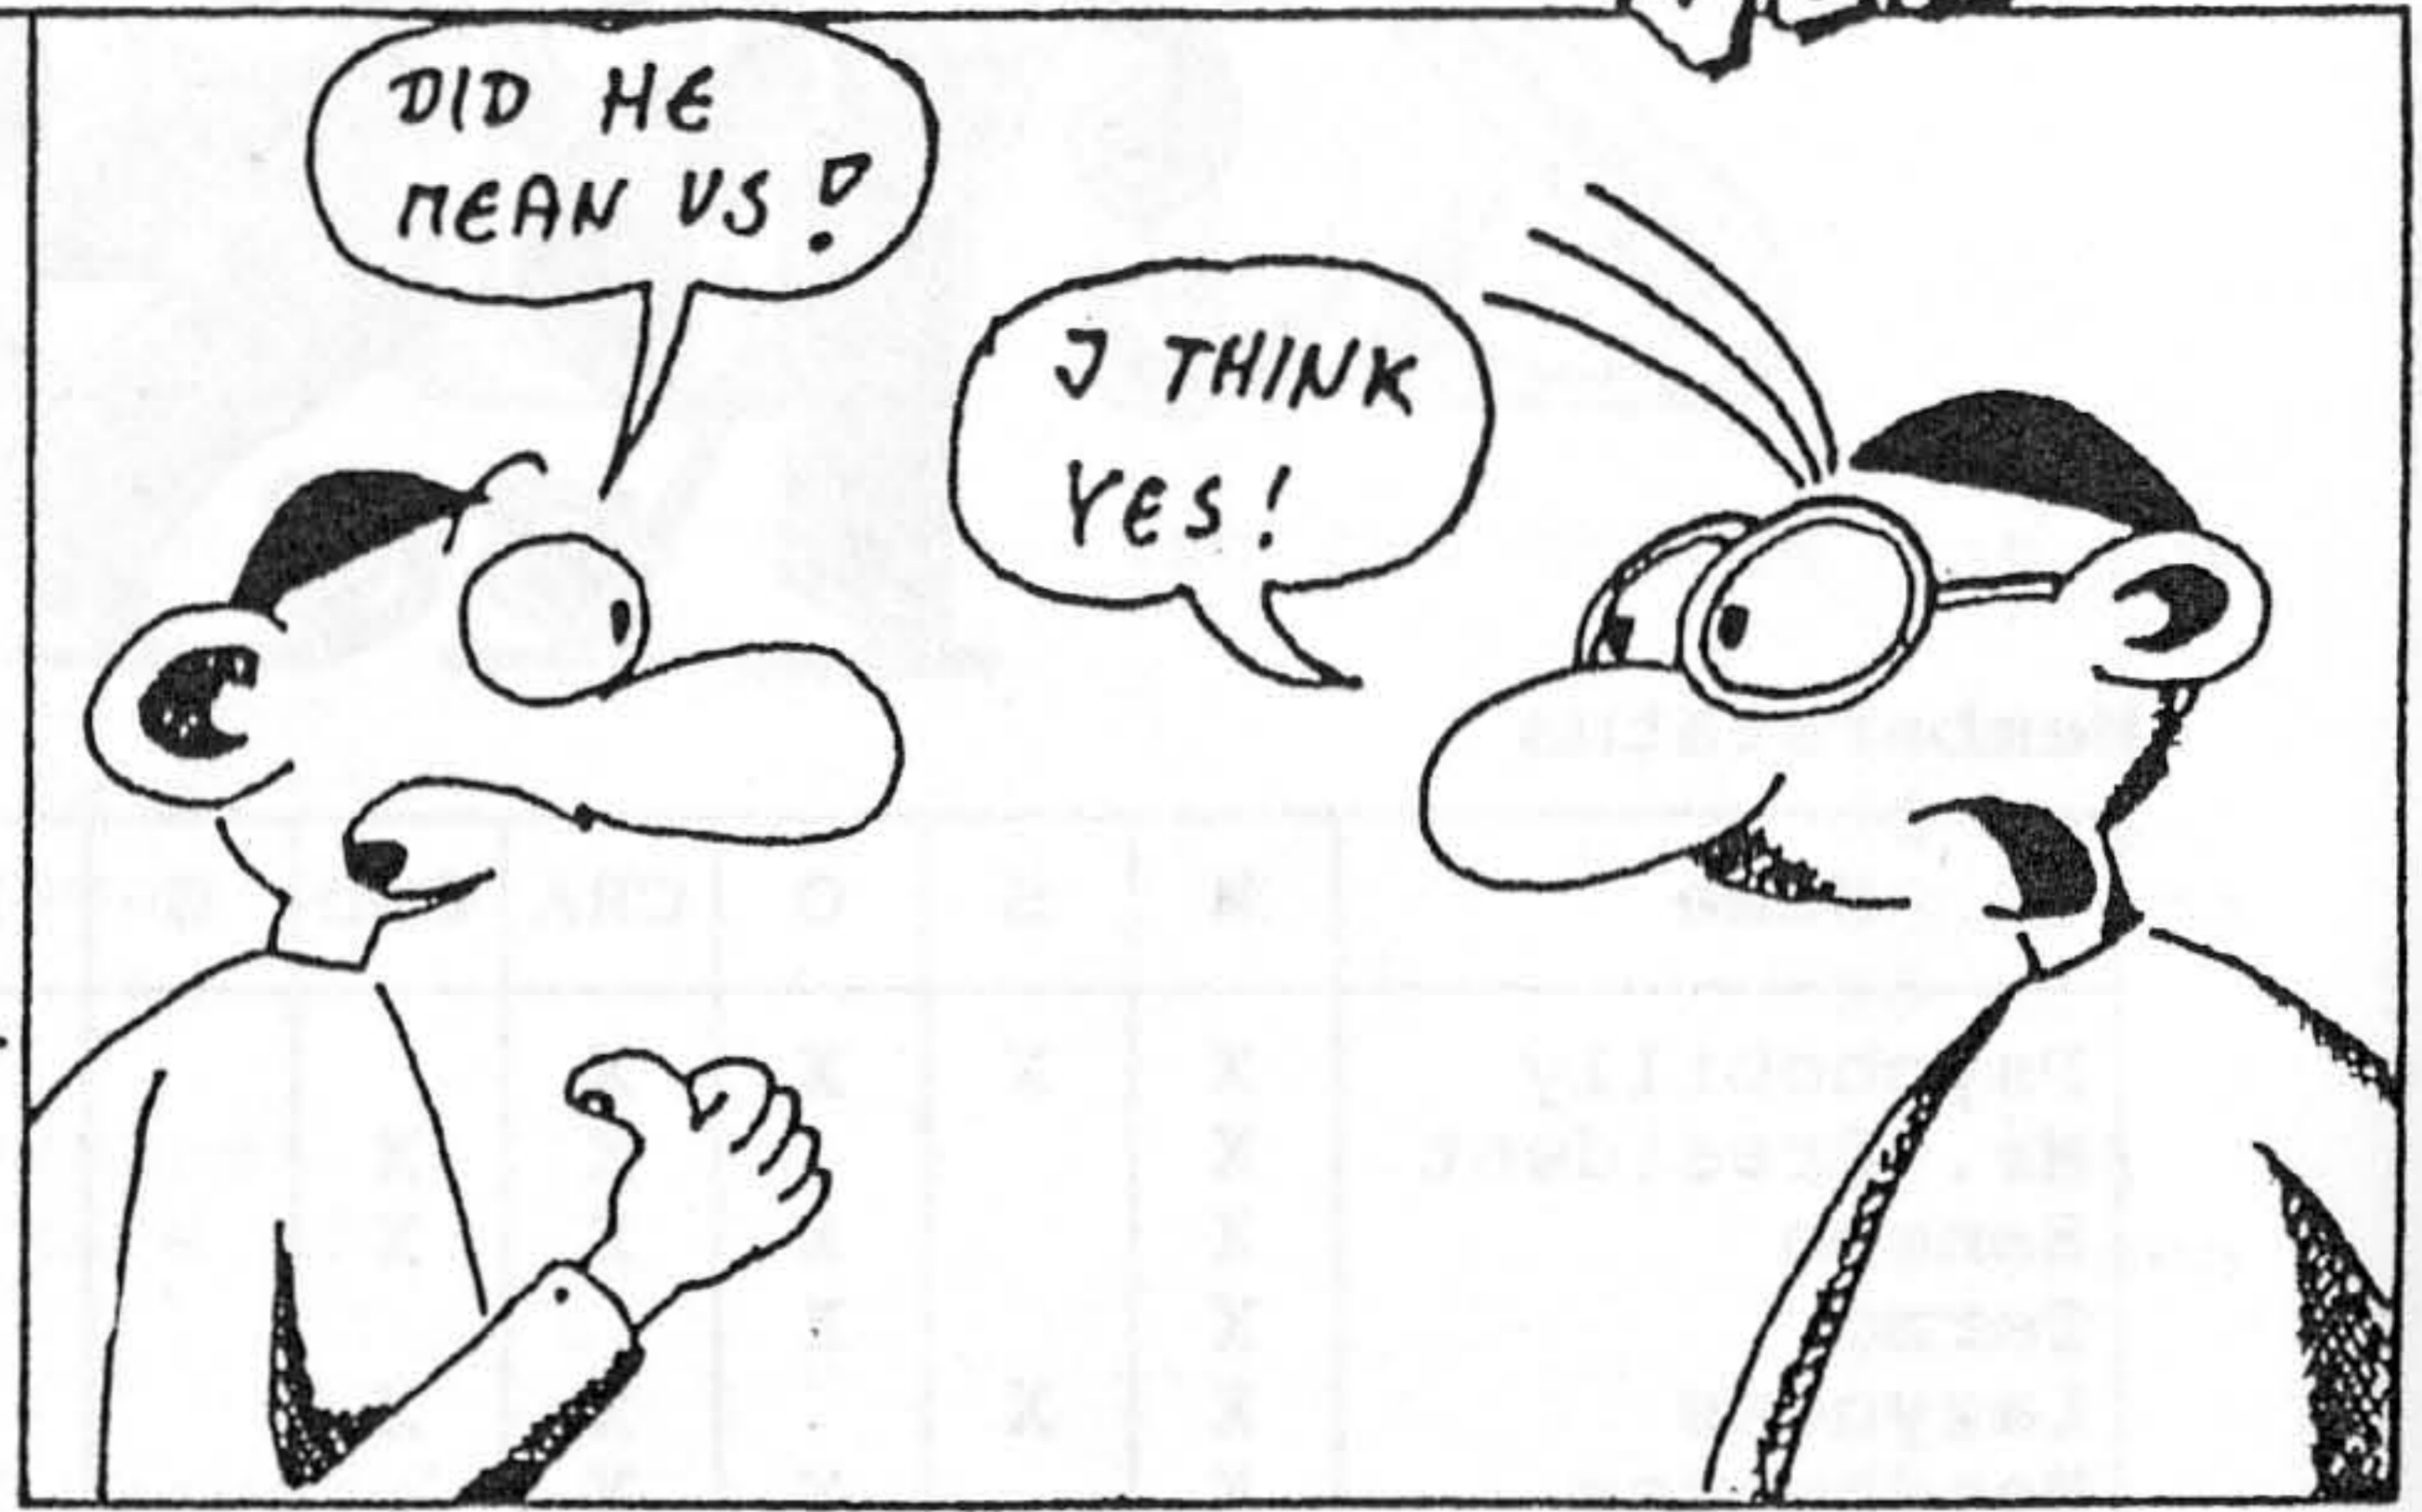

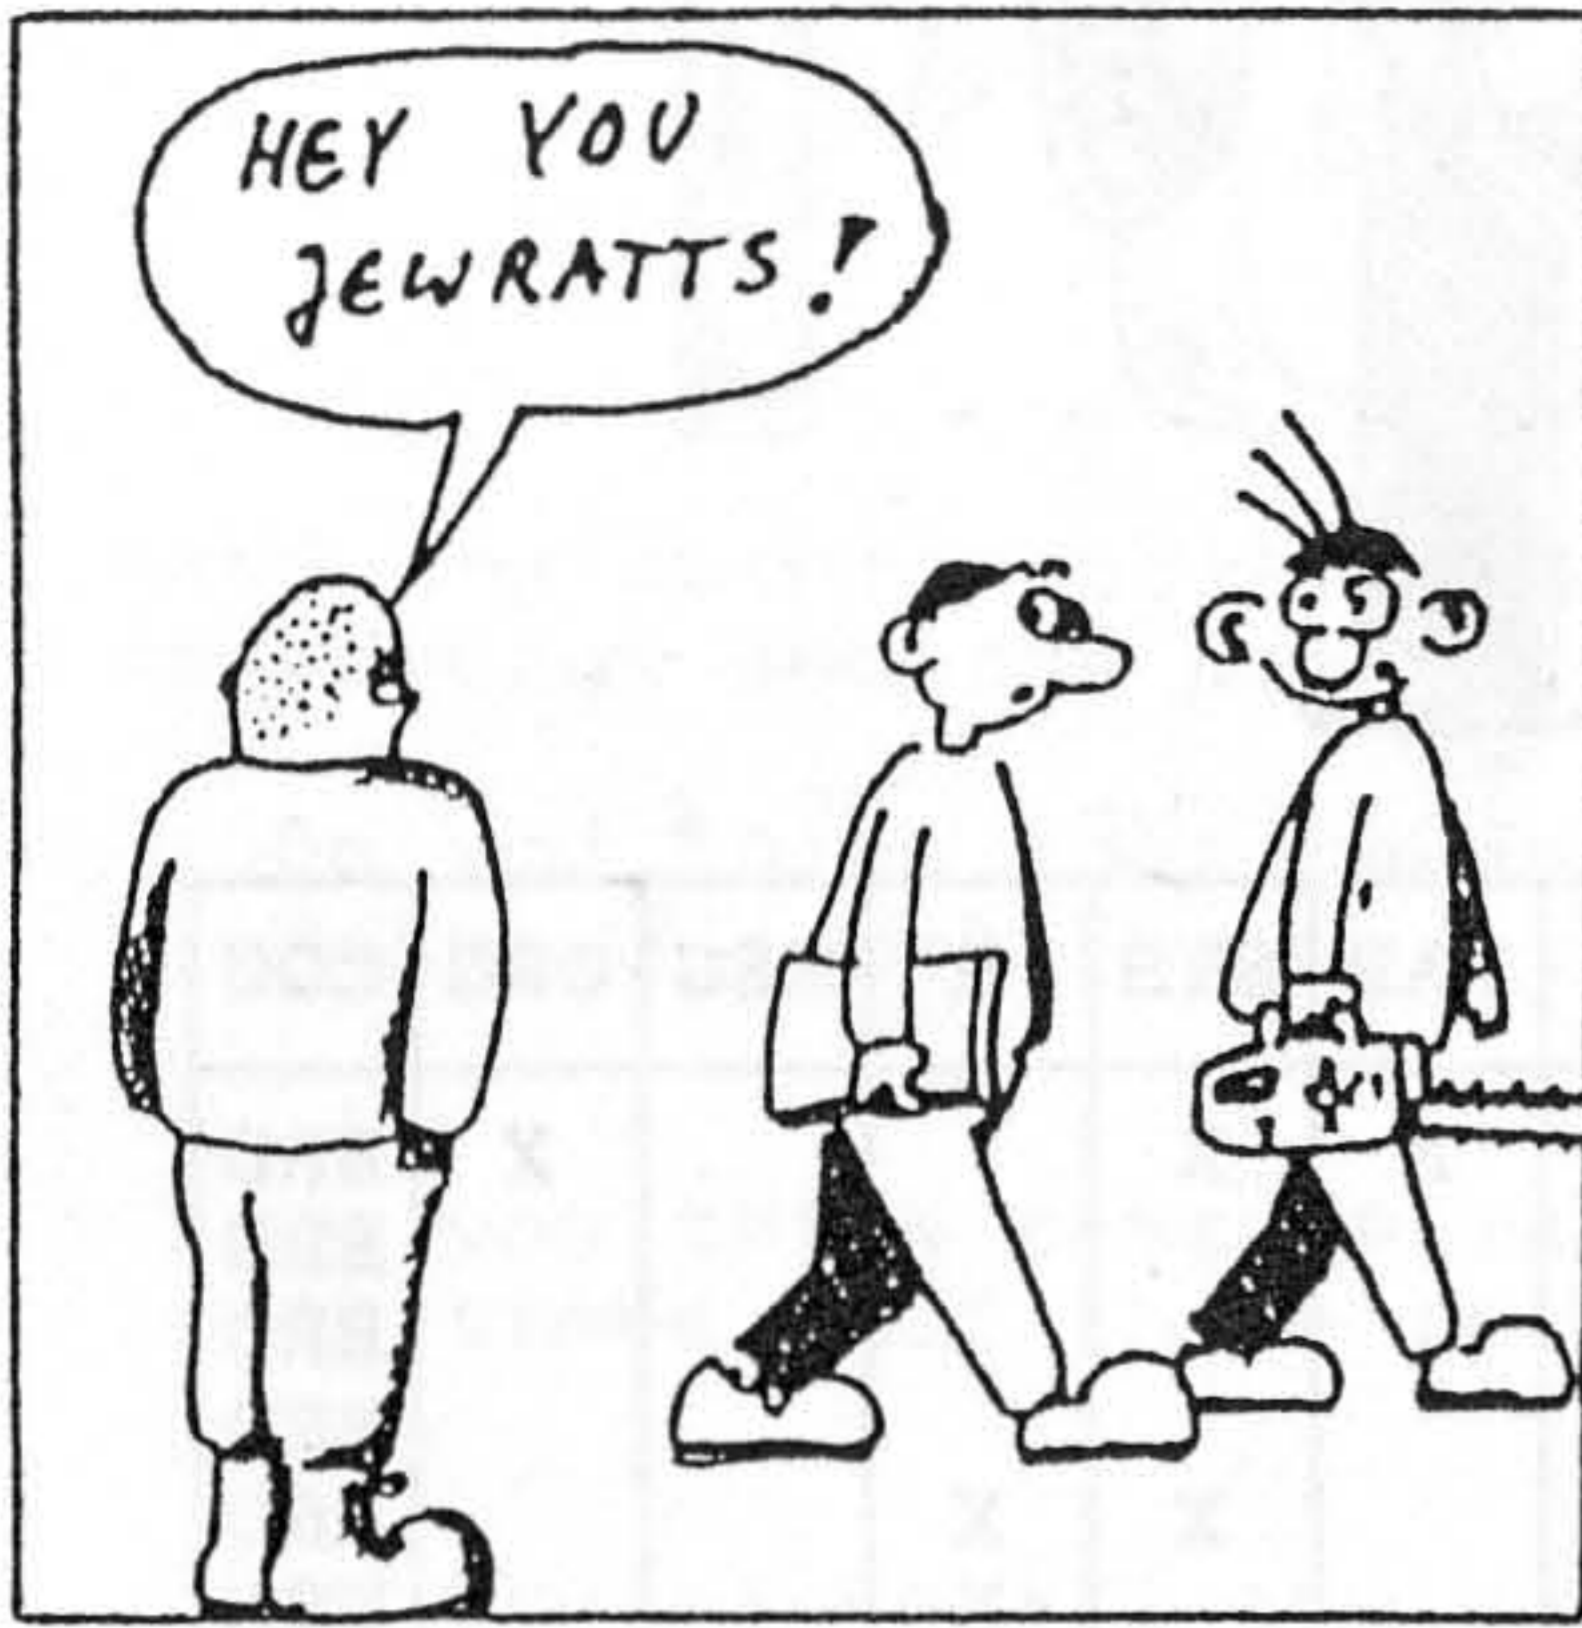

Budget Original = 3\$

You mustn't send discs. Just send a letter with your wishes and also include the money. We'll send you as fast as possible the originals ! It's clear that we couldn't release 4 full price games a week, so you will get them from time to time. That's also better, because you have the time to make high quality and fast releases. Well, if our release is in the US to be fixed, you will receive the original when we blow the crack out. The orie is than 0 days old ! Nice, or ? Anyway grab your chance and write to this addie...

INTERVIEW

This time we present you an interview with a really cool composer called XAYNE/CREST. Well I hope you'll like it a bit. So enjoy...

DSE: Tell us something about you !

XAY: My real name is Guiseppe Musardo (right, this is no german name) and I'm at the age of 21. So, that's still not enough, you say... OK, I'm about 1,76 m tall and my head seems to be covered with black hair (sometimes my face looks the same, damn shavers). Right under my body there are some kind of poles which I normally use for walking (Ed. ?)... What? That's not important you say... Oh sorry, he, he, he...

DSE: Okay now something to the 64. Tell us when do you joined CREST ?

XAY: I think it was in early 89 !

DSE: And which groups are your former groups ?

XAY: I had no former groups. I started in Crest and there I am !

DSE: Hmm okay, now tell us your funniest thing you ever did (or together with your friends) !

XAY: Even I could remember something funny, I don't think there would be enough place for it.

DSE: Okay. If you're a leader of a group, which dudes want you in the group ?

XAY: I feel perfectly enough in Crest, but to keep you satisfied...

Coder : Einstein/Upfront, Olav/PD

Artist : Hein Design

Musican: Laxity, Jozz, JT

and of cause some kind of 'keeping it all up' person, who gives them a kick in the ass from time to time...

DSE: What makes you special ?

XAY: Am I special ?

DSE: Do you have a girlie, when yes...
How old is she ?

XAY: 20 years...

DSE: How nice ?

XAY: I love here (Ed. Okay no problem, he, he, he) !

DSE: Good in bed ?

XAY: Try it and you will see how good I'm in hurling knives!

DSE: Tell us your greatest fantasy !

XAY: Having the possibilities to produce a 10-voice stereo, sid-typed soundchip !

DSE: What are your future plans ?

XAY: I live now and today !

DSE: Name some friends !

XAY: All in Crest, JCH, Laxity and some of my contacts !

DSE: Name some enemies !

XAY: I have no enemies...

DSE: What are you doing if you are frustrated or nerved ?

XAY: I try to solve the problem that brought frustration !

DSE: Do you have a shaved dick ?

XAY: Do you really have hairs all over your dick, he, he, he ?

DSE: If you could change 1 thing in this world what would it be ?

XAY: No more fucking wars !

DSE: And in your live ?

XAY: Hmm, I have to think more about this...

Of cause you would be a better Cracker than me,since you have Zsolt,Tony,Rockstar and Bod on your phone helping you with every game you get .There's an excerpt from the conversation.

PWP :OK,I have the memory resident game in memory.Now what do I do,turn off the computer ?
Bod :No you stupid twit,you SAVE it to your disc !
PWP :Do I do it with my joystick ?
Rockstar :You dumb German schwul,you have to type in the saving command from your computer.
PWP :OK,do I type it in German,Latin,or what ?
MO :In English,you fucken idiotic Schwein !
PWP :This is just to hard to understand.Zsolt,I guess you'll have to crack this one also !
Zsolt :OK,but I want an extra hour of phonesex from you !
PWP :OK,but please write that I cracked it again,so that MK doesnt't rag...

Very funny MK (not!) and also very silly.I doubt I need any help from whoever to be able to crack something on the C64 which runs within it's own 64K.
And yes,your abilities are pathetic at least that part was true...

PWP/Legend

REPORTS

AMI-SHOW KOELN

Place : Koeln, Messehalle, Germany
Date : Friday 9th. october 1992
Reporters : AJ from THE RULING COMPANY

Also like last year, I went again to the Amiga-Show held in Koeln. This time there were only 2 big halls of entertainment.

The show destined for owners from Amiga, Atari, PC and consoles like the Sega, Nintendo or Neo Geo.

One hall was filled with all kind of hardware and other specialities, for computers. The other one was meant for software. So I entered the hardware hall at 1st. At one stand you get a computer photo of yourself, very cool (Ed. probably printed here !). On another stand you could buy discs, mouses and ram expansions with an airbrush design on it (Ed. Also probably printed here). Quite expensive, but cool ! Further a lot of futuristic hardware and other shit. So after looking around for 1 hour or 2, I went to the best hall the software hall. Here you could buy the latest games for the Amiga, Atari, PC, Sega, Nintendo. On Amiga were Beast 3, Lotus 3, Aquatic Games the coolest releases. I bought myself a new game called Wimbledon for my Sega Game Gear (yes. I own this quite machine !). In this hall you could play Outrun in a REAL Ferrari. Really impressive. Further all latest Sega releases could be played on their machines, real cool Sega corner. Then I played Ravi Chase, a cool game from Sega for a competition. I finished 2nd in this competition and got nothing at all. The winner got a t-shirt (Ed. The winner takes it all man, he, he, he !). The girls behind the promoting stands were the best things of the show. Some german magacine firms tried to sell their mags on the show, I grabbed them, coz I didn't like paying for that shit. It should be free and used for promoting, BUT NO, they just wanted to earn money, instead of promoting their mag ! At the stand of Kaiko (remember Gem 'x and Apioya), Chris Huelsbeck was signing his new CD's. Yeah, I bought one coz he is a real cool musican. The CD is brilliant, a must (Volume 2) for music lovers.

After that, I went home with my friends by Touringcar and we got a diner on the way home reserved. A pleasent day it was very nice, I'm really looking forward to next year again.

Yours AJ of TRC

GOBLINS

- PAVIAN/PADUA recieved the Federal Rewards Order, for caring all refugees who were escaped from their country due to lameness !
- BRIX/COMIC PIRATES wares his name for his parents intended to immure him after his birth !
- After renaming into COUNT ZERO due to a massive overdose of none-tasting bananas, COUNT 11 renamed due to a holiday on hawaii where KWON shot him, how to peel them. Also THE BEAST got infected by Banana Mania and renamed to THE APE . Word has it , that his decision was supported by latest research on his IQ.
- VOYAGE/REBELS/IMAGE/VAGINABONDS/LEGACY/RED SECTOR INC/EPIC/LEGEND/HITMEN renamed to HIDEATHOME.
- TRINOMIC renamed into QUADRONOMIC, because while drinking water the toilet lid fell on the head.
- Sorry for fake information, in fact DEBBIE got busted for smuggling, Turbo Vibrators for her lesbian joint department.
- WAYNE'S WORLD 2 shot lately, by far harder than it's predecessor. For example the backstage scene features NUMSKULL instead of OZZY (due to this , the intellectual value had to be reduced a little) .
- Ivo Herzig rebuild TWG, hole RED SECTOR joined. DAVID HASSELHOFF rebuild BEATLES, who later joined TWG aswell.
- At his first act as agrarian minister, COUNT 11 installed the cactus law and declared JTF as cactuspisser.
- Holland's lamer #1, DUB 1 unmasked as wannabe again...in fact, Lemmings is almost finished, but coded by THE GOBLINS. After the financial success of their last game ENFORCER(K2) both of them were able to afford shoes with high heels, as a consequence they were dropped from the list of dwarfs of 'Little Snow White 2' !
- IRATA joined NIRVANA as even they are doing better quality crax than RED SECTOR (Uh !Where's the joke ?) !
- DEATH got a role as an alien in the 2nd. remarke of 'Inavasion From Mars ' as no longer his face, but his hole body is overgrown with pimples. His reproduction pimple is unemployed at the moment, as Curly Sue' s hormone injection were dropped !
- TALENT getting strong again! After Comunist and Jatagan joint forces, also Galen, Comic Pirates, Pacific, The Goblins, Seal, Count 11 hole Padua and David Hasselhoff went in.
- LAME BAM (NARC) shared his PC for penis substitute and a Weight Watchers course . Due to his sponsoring contract with Mc. Donalds, he had to stop calling out as dialing might in danger his weight !
- CENSOR DESIGN started cracking on the 'MIELE MICROWAVE'. PSYCHO got Miss Sweden 92 and won a Mercedes 500 S , where he had to build out the front chairs to fit in . DRAGON made the 5th. place and won a box of Fairlight beer. Word has it that he committed suicide lately.
- Rumours, that one of the two burnt turkish children (killed by fascists near Hamburg lately) was L.A.STYLE are fake. Lately he was seen in a cage in the Duisburg zoo.
- DERBIE RAM/ILLUSION doubled the number of his mail contacts , for lately he got 64 and now recieved a pension earned through a 14 days job as dustman in 1912 !

ANNOUNCE

Well, at first some corrections to this issue...

- GNARC/LEGEND renamed into LAME BAM !
- Better read all scrolltext's from REBEL/ILLUSION, Duckula 2 was cracked by FIST, check out the intro from CAPTAIN DYNAMO !
- ANARCHY is not more in RED SECTOR, he left the scene cause of problems with his parents. We wish you all the best in the future Jens !
- TBB's problems with the cops are solved !
- I made a little fault with the copies from the photos. Normally the pictures from COMMUNIST must be on page 35 and 36, but they are on 35 and 37. Sorry boyz. BTW, he's now in TALENT.
- JANEC joined DOMINATORS !
- On page 17 I wrote SPACEGOAT, his handle is SCAPEGOAT !
- BREGO joined RED SECTOR INC. !
- WINGO and TECH joined TRIAD !
- Probably some dudes will receive an issue with stripes on a few pages. Sorry for that. But if you copy 2500 papers, than it's logical that the copier sux a bit.

Well, I think that's all for now and well this was the last chapter to edit in this mega big Bullet Proof. BTW, the BP will be spread a bit on the Commodore 92 show in Frankfurt, but it will be spread by mail and also on the Camelot party in Denmark, as the F4CG party is cancelled. I think 100 hours of work aren't enough for this special kind of issue. I don't know how much time I spend on this fuck, but for sure it was fun for me. I hope I am so talented in writing bullshit as MIKE, as I must fill all the fucking free space on this page Hey I am, so catch you later...

Okay, we know that there are a few faults in the BULLET PROOF, but it took us 6 months to blow this issue out. At the beginning, we edited the photos, charts, announces, reports and a few more chapters. A lot of things happened till we were able to release it. I hope you guyz can understand it. Editing a papermag, is for sure a bit different, like editing a discmag. Well now something again to the photos. A lot of guyz changed the group, but I'm sure that you know in which groups they are now. I hope you liked this ray-traced-fli converted (?) issue from BULLET PROOF ! See you...

Spreading date :F4CG and Camelot party (hope there is a party)
Condition :350
