## TRASTUIT PRIHATSUT!

In this summer, I was holding an old copy of ArtPress-mag and wondered what happened to it and Neotec. And suddenly, a little black'n'white man jumped out of the mag and shouted at me " Hey you blubberhead, why not make your own magazine? ". Then he bit my thumb and said " Thumbs Up! " and disappeared.

So, here we are.... a brand new Nonoxynol-zine, pages full of illustrations by C-64 sceners. And more to come!

Hopefully you'll like it.

Illustratelly Yours

P.S. This is a kind of a tribute to Neotec's ArtPress-magazine. So Neotec, if you are reading this...

All the best to you and hopefully we will hear from you in near future.
