- Ruthless will release their demo 'Ruthless Television' on their own party!

- XTC is dead
- Dogfriend finally is out of Dominators
- Curse was asked to join Depredators, but refused

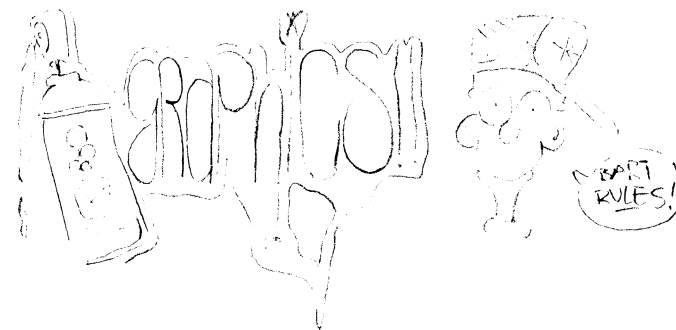

Yaaaauuw!! Here I review a graphician(s) of any kind, and give my comments on a few subjects... I think I'll take Hein Design/BML, Redstar/Logic and Gummybear front/Crest.

.1) Hein Design: Mostly you have nice graphics, but every time you use the same colour build up.. from white/yellow to red/brown..you used it in quite a few logo's... Contex, Amok, Scene Press and a few other piece's... But than again you are pretty handy in dot mixing (pixel mixing!) and here are my points for you...

Originality: 72 out of 100
Style : 64 out of 100
Fill in : 78 out of 100

.2) Redstar/Logic: You mostly concentrate on designing other things than only logo's... like the bat everyone has seen in the last sex 'n crime. your style is okay, but I think you are better in making other objects than logo's, which isn't bad at all!!! here are my points for you:

Originality: 81 out of 100
Style : 78 out of 100
Fill in : 59 out of 100

The music scene is pretty crowded lately....
The ELITE is currently slowing a bit down,
as the little bit smaller groups are trying
to become more famous...

A few of the great composers in the scene
(I think!) are: Laxity/Maniacs of Noise
 Jeroen Tel/Freelancer
 Drax, Link, Deek+Jch/Vibrants
 Rodney, Pat+Ronn/Audial Arts
 Reyn Ouwehand/Blackmail

You pretty well know all the other dudes I
just mentioned, but you might not have
heard of Audial Arts, They are 3 guys and
have a absolutely great routine done by
Ronny Pasch of Audial... They have done
music for a game and I think It's great!!
The newest dude is Patrick and he isn't
that bad either.. Rodney+Patrick did the
music for the new issue of Rock 'n Role,
and for a game for WILDSTYLE... Check them
out!! (There are also some tunes in the
Ruthless demo's..).

I hear that Markus F./MDG has started a
music label.. I can't remember the name,
but I do know Harlequin/SCL/MDG is member.
There is another dude that seems to be
good aswell.. a new member of Culture
called Dutch composer.. but I haven't
heard anything from him yet!!

Some words for your high performance dictionary...

Smartie: an Acid/New beat/Technobeat freak...

Defenestrate(MTV): To throw something through a window....
 example: "Why did you defenestrate Hein Design?"
 (Just kidding!!)

This is PROFILE, also known as Interview.... this
first issue is still a normal basic interview.
We have made a new kind of interview aswell, but
you'll see the result later...

Our first profilist is R.C.S./Bonzai... Interviewed
by Curse/Ruthless.

EP=Elite performane interviewer

BZ=R.C.S./Bonzai

EP: Hiya Rudie..

BZ: Yo!

EP: Tell these people something about yourself

BZ: My real name is Rudie, my handle is R.C.S.
and I am 16 years old, I was born on the
18th of November in '73.

EP: What's your job in Bonzai...

BZ: my job is swapping, I'm one of the two
megaswappers in Bonzai, the other one is
Trix.

EP: When did you enter the 64 scene??

BZ: I got my 64 in '86! the first 3 years I only
played games, but then I started for real.

EP: In what groups were you since then??

BZ: I started a group called The Freaks, they
died and I joined Daniax, 3 months later I
joined Atrix and finally after 1/2 a year I
joined Bonzai where i am now.

EP: What do you think about the scene lately?
(where have I heard that question b4??)

BZ: The scene is cool enough, but the originals
are a bit slow... I hope that will change..
(maybe your supplier?!)

EP: Who are your best contacts?!

(I wonder why curse asked this?!)

BZ: I got alot of cool contacts, here are a few:
Bob/Censor, Axeman/Beyond Force, Snacky/
Genesis, TCH/Brutal (hiya Johan! ed.),
Curse (ahh thatz why!)+Scorp and Peter V./
Ruthless, Bismarch/Triad, P.Jay/Royalty,
Hewitt/Class and Kazar/Dunex... these are
my fastest and best!

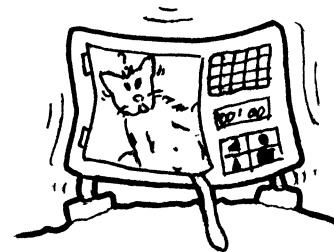

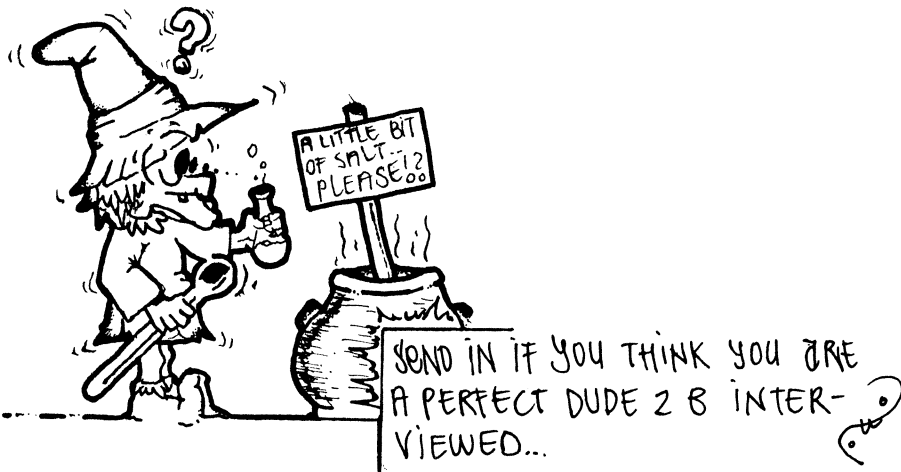

EP: What kind of food and drinks do you like?
 BZ: I like burgers, pizza(who doesn't!) and a cool coke...
 EP: Who is a real ruling group in your opinion??
 BZ: in cracking itz Dominators (Hiya Sonny. ed), illusion,censor design and genesis.
 with demo's I think Crest rules....
 Remaining info.... I also play some soccer, have alot of schoolwork...I don't have a girlfriend....

My best friend is TCH/Brutal as I have been at his place and he is has been at my place. In the Xmas holidays I'll go to Holland, but I hope to meet other contacts in Holland (Come and visit the ELITE performance redaction.... (that includes brian ofcourse...), and finally you get to see the man himself... Rudie (R.C.S.) of Bonzai>>>

<<<

Hmmmm.., let's have our very first article shall we! First something about one of the latest demo's FROM Vision.. namely Mist II. ← VENO NOVEMBER!
 The Demo itself has something nice, but something is wrong... after you have pressed the intro away you land in a menu that looks like something you only recently have seen before... Yes it is Bonzai's Lethal Display... This is the first thing they copied Well as usualy you start loading the parts you find that the second part (Plasma world) was copied from Origo.. I only heard that on Venlo, so if I am wrong you are very welcome to correct me.
 going on we find a fli-upscroller..., with a small little logo above it... can you beat me to it... Didn't I see that in the last part of Two Years Crest.
 And than you have the last part called Rock around 1990. First you see a little mountain.... and yes a flexible scroller comes around the top..where was this seen before Lethal Display/Bonzai. But I have 2 admit that Spinx/Vision had a mirror effect with it, so that looked pretty nice..
 Elite P. gives mist II/Vision: 48 % out of 100 %.

Some weird names around.....
 TCH (The Copyright Hater)
 Zahran Fastfire
 THA (The Human Autofire)
 Butfuck ← EMMH!!
 Dutch Composer
 Madbutcher (violent!)

Don't you hate it when you open another one of those women magazines?! (Just to see what they find interesting).

And you see that the people behind the magazine (Mostly women and gays!!) are trying to give as much possible ways to:

- 1) get a better orgasm
- 2) Tricking men into spending money on you
- 3) see what's da perfect man!

And all other kinda things... like: "Don't give that man a chance!! let him beg on his knees!!" "When was the last time you refused to go to bed instead of giving him free play??" And the worst of it is they beleive it !! It's holy for them. So the new slogan is: Boycott womenmagazines, and go buy Playboy!!

I want this magazine full of this, so send your pictures, or other pictures of other cool things.
